I complain when nothing's even wrong
 G Em D C
And you're ashamed because you're not quite that strong

[Pre-Chorus]

D Em
That's when I said I'll need
C D
More than you can offer me
 D Em
But I miss your face as you can tell
 C D
I hope my absence makes you well

[Chorus]

 G Em
Cause what I didn't know is I was killing you,
 D C
I said a lot of things that I didn't mean to,

But I am older now and I am sorry too,
 D C
So I can wait awhile if it brings me back to you,

When I am shy I never speak a word
 G Em D C

Cause what I didn't know is I was killing you,
